

Mum  
Leeds  
LS134RX

Dear Mum,

Firstly, I hope this letter finds you well. I am writing to you to ask for a cute, adorable pet hamster. I think you are very kind and take good care of me. While I understand that we have never had a pet, but I think that you will agree to my thoughts.

I strongly believe that pets help children take responsibility for hamsters and other pets. I will make sure that I take responsibility for it by feeding it, giving it water, cleaning it, playing with it and getting its attention. I am sure you will agree that taking responsibility for this pet will help in my growth to development. I am sure that I am old enough to take responsibility and I will show that I want to take care of it. I will prove to you that I want to take care of it and I will make you very proud of me.

I believe that, it will keep me company and when I want to play with it will keep me company instead of me being alone in my room. It would allow me to talk to it when I feel happy, sad or angry. The hamster [which is very cute and adorable], will keep me busy when I want to do something with it like, playing with it, feeding it, stroking it and holding it. It will help me do exercises by taking it for a walk and walking it around far places.

I hope you understand that pets are very cute and they require a lot of exercise, food, water and not a lot of attention, well on the other hand they can be quite playful. Did you know that hamsters are typically stout-bodied with tails shorter than body length and have small furry ears, short stocky legs and long feet? I think that we should have our first pet because then I can play with the fluffy hamster [which is very cute, adorable and its innocent eyes make me smile] and I can give it anything it needs.

Thank you for your time and dedication. I personally believe that we can cherish our time with this wonderful pet. I am looking forward to hearing your suggestions and with your decision we might end up with a cute hamster.

Thank you for reading this letter.

Yours sincerely

Ronnie-James Friend

Bobby Dhinsa

Dear Dad,

I would like to begin this letter by saying you are an amazing father who is clever enough to start your very own business. I am writing to you to express my thoughts on getting another loyal German Shepherd. While I understand the cost and requirements of these hardworking creatures, there are also so many benefits to owning one of these dogs.

I am sure you will agree that I am a very experienced dog owner (who has an extremely large passion for animals). I'm confident that I can take care of a German Shepherd . To prove this, I can take him on walks, feed him the correct amount of food, play games with both him and Rocky and any other tasks these dogs need. As you already know, Rocky's food can cost a lot for a bag so two dogs will cost even more but if you think of it, there is so much positive to owning a second dog.

I believe that a lot of children spend hours and hours on their screen, but with a dog children would be playing with their pet for ages. As someone who already has a dog( I am very grateful for), I spend almost every second with him on a boring weekend. When taking my dog on a walk and finally getting off my screen, I feel amazing after. I also believe getting off a screen and doing something has a very good impact on mental health.

Thank you for reading my letter to get a new pet. I am sure he will bring joy to this family like Rocky has and make plenty of memories to cherish over the years. Please be aware I am delighted to discuss the matter further with you. Thank you for your time and consideration of getting a new dog.

From Jaya.

EA Sports  
Redwood City  
California

Dear EA Sports

Firstly, I hope this finds you well. I would like to start by saying how much I love your games. My favourites are FC24 and Formula 1 2023. I am writing to you to ask for an early copy of FC25[ that is coming out on September 27 2024].

Without a doubt, this game has been one of the second best game in the world for many years and the people who play it are very annoyed about this and I am one of those many people that love the game.

I strongly believe I can help to make this amazing game number1 in the world. It can get to number one very easily with my help by me giving feedback, so you can upgrade the game to be even better. I'm sure you will agree that, it already should be number one in the world I don't understand how people do not like the game because my cousins love ice hockey their favourite game is NHL 21 and they love the game so why can't others do to?

Thank you for listening to my reasons why I would like this game. Additionally, I believe that with your support I can become a better FC gamer. I can't wait to hear your thoughts and feelings. Thank you for your time.

Yours Sincerely,  
Harrison Braithwaite

Dear mum and dad ,

Firstly, I hope this letter finds you well . I would like to begin by saying that you both are the best parents in the world and I love you guys so much.

I am writing to you to share my thoughts on getting a husky (dog) .

It is evident that you already have to take care of two children and even sometimes three but I know if we get a husky (dog) that you will love her/him as much as you love me .

I 'm sure you will agree that having a husky will be hugely beneficial . Everyone who lives in our home would also want a dog. Having carried out some research it was evident that huskies are very protective and playful and they would make a great pet . Have you ever wondered what it would be like to have a husky(dog) . And if we do end up getting a pet I will be completely responsible for our husky(dog). Another reason why I would like a husky is because it will help me do more exercise because I have to take them on runs and I will have to walk them .

Thankyou for considering my perspective . i hope that you will consider getting not only me But our family , a adorable , cute husky.

from Caroline Cantrell.

ASDA  
Great Wilson St Leeds  
LS11 5AD

Dear Sir/Madam,

Firstly I hope this letter finds you well. My name is Elizabeth Holt and I am from Pudsey. I have been to ASDA and the food you sell is some of the best I have ever tasted. On the other hand, I wish to write about lowering the amount of plastic you are using in your bags and packaging as well as giving a few suggestions on what you could do instead.

Without a doubt, stopping plastic from hurting the Earth is the most important thing. Horrifyingly, it is choking the oceans and the boxes you sell are taking up space creating more pollution. Could you imagine being a fish covered from head to toe in litter? Just think, even though it is a durable item it is damaging the environment. Annoyingly, almost all the packaging you sell is thrown away and put in landfill for animals like sheep and cows to eat (and die). As you are a big supermarket in Pudsey you should be a better role model to other supermarkets that are close to you (Marks and Spencers, B&M and Sainsburys). Maybe you should stop using plastic for fruit and fruit loaf and start using card board/paper instead.

All over the world plastic is constantly produced, meaning that our planet is at risk and may stay like this forever. Did you know that 8.3 billion tons of plastic has been produced to date? What's more, the UK's leading supermarkets produce an estimated 800,000 tons of plastic (that includes you). While you are reading this, tons and tons of plastic are being created and thrown away! In 2015 about 6.3bn tons had been generated globally. Obviously, companies should start telling factories to limit the amount of plastic they are producing.

In my opinion there is a lot of extra packaging in certain foods (especially fruit) that could have not been made. It is proven that only a small percentage of packaging is not plastic and only a few pieces of packaging are recyclable. Think about how much plastic you are using for everything. If I walk into food isle I would probably see more plastic than in my bin. Why not just use cardboard? Maybe you should really look around your shop and hopefully see how much excess plastic you have.

Thank you for reading and considering my letter. Additionally, I believe that with your support, we can stop the increase of plastic. I look forward to hearing your thoughts on this matter, which is of great importance to me, and please be aware I am happy to discuss the matter further.

Thank you for your time and patience.

Yours sincerely,  
Elizabeth Holt.

ASDA  
Great Wilson St, Leeds  
LS11 5AD

Dear Sir/Madam,

Firstly, my name is Nusaibah Noor Imran. I would like to begin by telling you that plastic packaging should be reduced because many people around the world waste plastic packaging. I am writing to share my thoughts on plastic packaging to help the world/environment. I hope this letter finds you well.

I am sure that you will agree that people around the world are using excessive plastic packaging. Even Though, it is durable it is damaging the world/environment. Around the world people are not reusing plastic or plastic packaging. Annoyingly, almost all the packaging you sell is thrown away and put in landfill for animals like sheep and cows to eat. Many people throw plastic ( which they shouldn't be ) . Many people are disrespectful to the planet and they are harming the environment by throwing plastic.

It is disgraceful that in the UK there are 800,000 plastic packaging wasted each year. Can you believe that? I am confident that you will tell the world to reuse the plastic so that it could help the world/environment. Around the planet people are chucking rubbish and it is absolutely harming the enviroment.

Thank you for taking the time to read my letter. Additionally, I believe that with your support, we could reduce plastic. I am looking forward to hearing your thoughts on this matter, which is of great importance to me. Please be aware I am happy to discuss this matter further. Thank you for all your time.

Yours sincerely,  
Nusaibah- Noor Imran!

**Dear Mum and Dad ,**

**Firstly, I hope you get this letter from me. You are the best Mum and Dad ever and you are great parents. I am writing to explain to you my feelings about getting Bonny (my old dog) back because I love her so much and we played games together outside. I understand that we already have a dog but it would be wonderful having two because I could take care of one in my room. It would be really cool to get her back. :)**

**I'm sure you'll agree that having a pet can be hugely beneficial. A lot of people also want an unadopted dog back because they are lonely because they have no companion to cheer them up. They can run, jump, walk, sleep, eat, drink and loads more. A load of people are like me because they want their dog back. I want Bonny back so much because I played with her and we played games like fetch races and way more. She kept me energised by taking me around the block every day. I strongly believe that Bonny was my favourite dog because we had lots of fun together.!**

**I believe that Bonny would not only get us exercise but also play with me and entertain me. It would allow you to relax as well as watch tv. I understand the constraints of having Bonnie back but I am confident that with your responsibility and hard work. Perhaps you could get her back.!**

**Thank you for reading. Additionally I believe that with your support we can get Bonny back. I'm looking forward to hearing your thoughts about getting Bonny back. Please be aware I am happy to discuss the matter further with you :)**

**From Dean :)**

Mark baker  
Peppa pig HQ  
£28 5cd

Dear Mark Baker,

Firstly I would like to say you are definitely my favourite person ever!  
So i was wondering about you getting me these games so i can share  
These amazing games to my friends and family etc. These games will  
Grow and grow yo possibly 50k views?anyways with my help you will be enlightened.

I'm sure you will read this letter and if you really like views and money give me this game  
You will be with joy and happiness and i will be very happy playing this game and  
I will share these amazing games to my cousins and they will share it to their friends and on and on.  
Think about it, if you will give me it you will be amazed.

Thank you for your dedication additionally ,i believe that with your support we will  
Become the top game on the market .I look forward to you being happy and full of joy  
Gift me this game and you will be able to increase your stocks and make some more games  
So with my help I can make that happen. I am happy to discuss this matter further.

Thank you for your time and dedication ,  
Yours sincerely Benjamin Korcsog Erdelyi

Mrs corbett and Mr loughran  
7 west grove street  
LS28 6EG

Dear Mum and Dad,

Firstly, I hope this letter finds you well. My name is Aoife Loughran and I am nine and also go to pudsey primrose hill. I would like to begin by spreading my thoughts and feelings about having a pet husky, and it is evident that you are such a caring person towards me and I'm sure you would do the same to a pet husky.

I am writing this letter to express my desire for showing my independence towards a pet. As you know, I have overwhelmingly shown that I am responsible enough to have a pet because I think I am trained enough with having a cat. And i think i can have that responsibility to have a pet husky.

Thank you for taking the time to read my letter. Additionally, I believe that as a family we can make this work. I look forward to hearing your thoughts on this matter, which is of great importance to me, and please be aware I am happy to discuss the matter further. I hope that you enjoyed reading this letter

Love Aoife/your daughter

**Mum  
23 Woodhall Park Ave  
Leeds  
LS28 7HF**

**Dear Mum,**

**I have really enjoyed the holidays you book like Turkey and Canada. I strongly believe that dogs can be a great companion to older individuals and make them less lonely. They run, eat, sleep and they are the number one best pets in the world. If you are having a hard time dealing with dogs then your in luck because they sleep throughout the day. The more you spend time with your dog the more they'll trust and care for you.**

**The first main reason is that dogs will get exercise just by taking them to a walk and they sense is forty times better than humans. Dogs can be a great pet for an outgoing and extroverted family. There are loads of dogs like a golden retriever, french bulldog, husky, boxer, pug, poodle and lots more.**

**Thank you for being a nice and caring Mum(who has taken the time to). Additionally, I believe that with your support I can do anything I am looking forward to your thoughts on this matter, which is of great importance to me, and please be aware I am happy to discuss this matter further.**

**Thank you for your time.**

**From Zain Malik.**

Sir/Madam  
Sainsburys  
Otley  
LS21 3AB

Dear Sir/Madam

*Firstly I hope this letter finds you well. My name is Bea McCredie Griffiths and I am extremely familiar with your shop. I would like to begin by saying that you are amazing in lots of ways. And it is evidence that you have started to become eco-friendly. I am writing to share my thoughts on littering, and I am expressing a desire to stop the environment getting hurt while I understand plastic bags are very good but they are very bad for the environment, I believe you should stop giving people plastic bags.*

*I personally believe that plastic is very harmful to the world therefore it is imperative to reduce the amount of plastics that animals can live a long life without suffering and being hurt. Do you really want to live in a world without animals? It is obvious that when it rains paper bags break and food goes everywhere and you have to scramble to pick it up but it doesn't give you the right to use plastic bags.*

*Thank you for reading this letter. Additionally, I believe that with your support, the environment will be a better place. I look forward to hearing your thoughts on this matter, which is of great importance to me, and please be aware I am happy to discuss the matter further.*

*Thank you for your time and patience.  
Your sincerely Bea*

gamestop manager  
Gamestop  
Stanningley

Dear Gamestop manager,

*I hope this letter finds you well as I'm asking for something. My name is Noah Mir from Pudsey Primrose Hill. Your shop/company is the best gaming shop in the world so I am politely asking for some free samples. People over the years must have asked you this but I'm asking for free samples so I can give you honest reviews.*

*FC 24 was an amazing game and has so many little details ( for example when you shot in a net and scored the net would move). So I'm asking for you to try and make a FC 25 demo. I am a big football fan and I would love to be the first person in the whole world to have a FC 25 demo. Also if you make one I can give an honest review so If there's any glitches I can tell you. Also if you do make a FC 25 demo try and add a correr mode so I could be a footballer, a ref or a coach.*

*Furthermore, I'm always playing Fortnite so I would like to play something different at the start. I sometimes watch spongebob so I would like to have your newest game of spongebob (for PS4). And once I'm done I will return it and give an honest review. If you don't have the newest spongebob game please give me any other spongebob.*

*Thank you for reading this letter. Additionally, I believe that with these games it will be very fun. I look forward to hearing your thoughts on this matter (which is of great importance to me) and please be aware I am happy to discuss the matter further.*

Your sincerely,  
Noah Mir

Together housing  
Prospect house wharf street  
Blackburn lancashire  
BB11LD

Dear Together housing,

Firstly, I hope this letter finds you well. My name is Neve. I am writing to express my thoughts on reducing the no pet policy. Since the day I opened my eyes I have lived in your apartments (on Richardshaw Lane) and have always enjoyed your exquisite architecture on the buildings. While I understand you possibly have many other jobs to do I hope you can take my points on view and one day take down this rule.

I'm sure you'll agree having a companion (like a furry friend) can have a huge benefit on people's life. Many other residents throughout the building are elderly and say they are lonely and a pet could keep them company. As being lonely can extremely affect people's mental health, a pet could prevent this loneliness from getting any worse. Having heard the opinions of people - who also live in the apartment, the vast majority of them are as eager as I am for this policy to be reduced and for the building to be pet friendly.

As well as the previous reason I believe that, we should have a specific area of grass (maybe by the bins) for their waste to be produced and picked up all in one area. It would allow the pets to be happy and for other weeds and plants to be clean throughout the apartment. Additionally, if it is by the bins nobody will want to go there anyway as the bins don't smell the best because of the rubbish inside. Also for the pets safety we will keep them on a lead all time (as there is cars).

Thank you for your consideration. I believe with your support our apartment will be a happy, pet friendly environment. I can't wait for your response and hope you can think about my ideas. If you do, you don't know how much this will mean to me for my dream to come true.

Thank you for reading

Yours sincerely,  
Neve

Mum and Dad  
LS28 7NE  
17 Pembroke Road  
Pudsey

Dear Mum and Dad,

Firstly, I hope this letter gets to you well. I am writing to you because I would love to get another Sphinx Cat! May I say that it has been my dream to have two cats? I know that I have been a pain but I will be good I promise. I love you both and you are both the best parents. It is disgraceful seeing these little, innocent cats getting called "Mushroom!" or "EWWW!!" and I know that we would not do that (since we have Lynx). I utterly implore you to read my letter as to the reasons why we should get another cat!! Xx

Without a doubt, hundreds, upon thousands of these sorts of cats don't get adopted by carers because people think that they are ugly! I'm sure you will agree that having Lynx and another cat like him might lead to trouble but I assure you it won't. As a responsible cat owner, I know that I would not call it "STINKY" or "RODENT!!". May I add that, I love Lynx and I will treat this new member of the "*Price Family*" respectfully.

As a member of the "*Price Family*" I (Just like with Lynx), promise to feed them, water them, buy them comforting toys etc. I love Lynx so of course I will love this new homie that might end up living with us. I am more than happy to clean up its poo and wee (But not when it's an adult!). Because we have Lynco (Lynx), I know what the pet needs and also what it wants. Don't worry, as I will treat them both with love and none of them will be the "Favourite Cat". I won't make it feel left out by playing with Lynx. I will play with them both together so they both don't feel left out!

Thank you for your brilliant time to read my letter. I hope that this will persuade you to get another Sphinx Cat. I am really looking forward to maybe see

**Mrs Dickson  
Pudsey Primrose Hill  
LS28 7AB**

**Dear Mrs Dickson**

*Firstly, I hope this letter finds you well. My name is Lucas Ramsay from year 5W. I would like to begin by saying I love attending this school and the plans it has ready for us in the future. Furthermore, I would like to speak about why a chromebook is good for the year 5 class and more.*

*I am sure you would agree that having a chromebook can invest in our learning because we can access TTRS, Reading Plus and Mathletics on a chromebook. At the end of lessons we can sign in and complete further learning until everyone has finished their classwork. This will allow us to use our valuable, spare time on educational work that will help improve our learning.*

*In addition, they are small and portable therefore are able to fit easily onto the top of our table. This means that they can be used in school and at home, which allows learning to be accessible from anywhere.*

*Thank you for taking the time to read my letter I hope this will convince you that year 5W should have a chromebook to help with our learning process in school. Additionally, with your help I believe that this could make a big difference to Year 5.*

*Yours Sincerely,  
Lucas Ramsay*

Mr and Mrs Robinson  
70 Hough lane  
Bramley  
LS28

Dear Mum and Dad,

Firstly, I hope this letter finds you well. I would like to begin by saying you are very good at taking care of 12 children and it is evident that you are incredibly caring to us. I am writing to share my thoughts on whether we can have a dalmatian and express a desire for results. While I understand this may be tricky, I believe this would have many benefits.

I'm sure you will agree that taking care of a pet will be hugely beneficial. Many people admire pets because they are caring, playful and therefore owners should provide their dog's exercise. This is beneficial to both me and the pet by providing us both with lots of healthy exercise. Research suggests that children need to be active for 60 minutes. I believe that having a dalmatian would not only help increase my exercise but keep me healthy.

Thank you for taking the time to read my letter. Additionally I believe that with your support I can get my dalmatian it will bring the family together. I look forward to hearing from you, which is of great importance to me.

Lots of love,  
Alice

Pudsey Primrose Hill School  
Stanningley  
LS28 6AB

Dear Mum,

Firstly, I hope this letter finds you well. I am writing to you because I would like to express my thoughts on us getting a dawg. It is evident that you are very caring and loving. I am sure you will agree that having a furry friend will be good for us both. I know that you would help me look after the dog and care for him like you do with me.

I am confident that having a dog will help keep me company. Many dog owners say that their dog keeps them company like a best friend. I will take him on walks (which I'd love you to join me) and I will make sure I play with him and his toys. We could take him to the park and play with his ball. I know that you used to love taking 'Snoop dawg' for walks and playing with him and his bubbles. There is no doubt that you could do the same with our new dog. I hope he will be very cuddly because I know how much you like hugs.

I believe that having a dog would not only keep me company but also allow me to be more independent. This is because I will have lots of responsibility for feeding him and making sure he has lots of fresh water. I understand the constraints of keeping a dog, but I am confident that with your help he could be a great member of the family.

Thank you for reading my letter. Additionally I believe that with your support I will have a perfect puppy and a new best friend. This matter is of great importance to me, therefore I look forward to hearing from you.

From, Ethan :)

Mr/Mrs  
Pudsey Primrose Hill Primary School  
Stanningley  
LS28 6AB

Dear Mr/Mrs

Firstly, I am called Isobel. I am ten years old and I am writing this letter to inform you that I'm a BIG fan of your shop. It is brilliant. I doubt that I will shop somewhere else. I hope you have a good day in the sun or helping customers. I hope you realise you are amazing in every place possible. Since 2020 your shop has been using plastic bags instead of paper. I understand that it is hard for you and your customers to use them. Read on if you would like to see the reasons why you need paper bags NOT PLASTIC! But I do love your shop. It is the best in the world EVER!!

I personally believe that plastic is very harmful to the world therefore it is imperative to reduce the amount of plastic waste so that animals can live a long life without suffering and being hurt. I strongly feel that you need to change plastic to paper bags if you want animals to live a strong and healthy life. It is obvious that when it is raining the paper bags break and your food goes everywhere and you have to scramble to pick it up but it doesn't give you the right to use plastic bags! IT HURTS THE ENVIRONMENT! It will be hard at first but you will get the hang of it and not just you, your customers will be saving the environment and all the endangered animals will be still alive because of you and your customers.

I strongly believe that you will not make a world with plastic bags because it is such a good material but it is harming the environment. I find paper bags better because it helps the world a lot so just USE PAPER BAGS NOT PLASTIC.

THANK YOU for taking your time to read this letter, additionally I believe that with your support, we can make a bigger community to save the environment. I look forward to hearing your thoughts on this matter, which is of great importance to me and please be aware. I am happy to discuss this important matter further so the animals can live a life.

THANK YOU for your time and patience with me.

Yours sincerely  
ISOBEL SMITH.

Mrs Dickson  
Pudsey Primrose hill Primary school  
LS28 6AB

Dear Mrs Dickson,

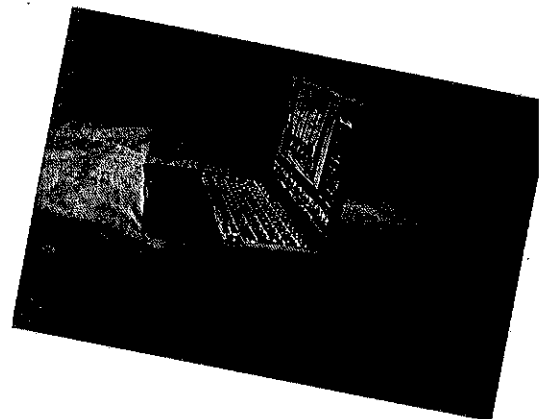

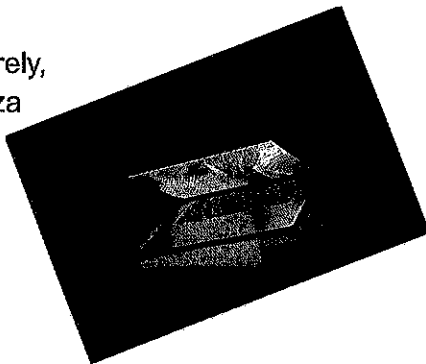

I hope this letter finds you well. My name is Luca Spinoza and I am a student in your school. I would like to begin by saying I enjoy learning in your school, however in my opinion, it would be better with the use of chromebooks. I understand this may be a big ask, but with your help I am sure that it can improve our learning.

I am sure you will agree that chromebooks are beneficial. They are portable and so easy to take around so you can do homework or reading plus when you finish a lesson. Chromebooks also have the ability to autosave. This means you do not have to worry about losing your work as the software will do it for you. In my opinion, this would be a great addition to our class and I hope you will agree.

I believe that chromebooks have many advantages. For example, they can be education ficuses. This will help us to complete tasks, which are adapted to our individual needs, instead of wasting valuable spare time. There are lots of different apps/ websites which are available to help us learn. Timetable rockstars (TTRS) is a website which we use in our school to help our timetables. In my opinion, my times tables have improved since using this app and I am sure you will agree with the benefits of this.

Thank you for reading this far. Additionally, I believe that with your support, it could improve the learning in Year 5. I'm looking forward to hearing your thoughts on this matter. Thank you for your time.

Yours sincerely,  
Luca Spinoza

J.K. Rowling  
PLC 50 Bedford Square London  
WC1B 3DP

Dear J.K Rowling,

Firstly I hope this letter finds you well. My name is Poppy Summerton and I am a Year 5 student. I am a big fan of you and the Harry Potter series you have written over the years. I am writing to share my thoughts to express a desire for a signed copy of Harry Potter and the Cursed Child.

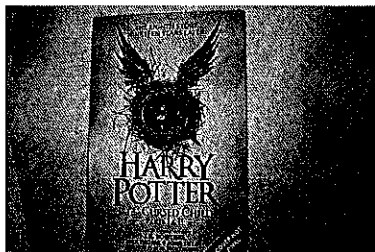

I absolutely feel that I am the biggest fan of Harry Potter therefore I would be extremely grateful for you to do me the greatest honour of sending me a signed copy of your newest book (Harry Potter and the Cursed Child). I am certain that it would be my most prized possession and I would keep it forever, take it everywhere with me as well as not let it out of my sight. This novel is the only book I haven't yet got or read and it would make my life complete if I could get what I have wanted for many months.

I believe that this point would not only make my life complete but also make me happy to fulfil my dream. When my brother got a signed copy of his favourite book he kept it as a collectible and I will do just the same if this will come true. I understand the constraints of getting a signed book, but I am confident that with your help and commitment perhaps there could be a way for me to fulfil this dedication.

Thank you for taking the time to read my letter. Additionally, I believe that with your support, I could be the proud owner of a signed book. I look forward to hearing your thoughts on this matter which is of great importance to me, please be aware I am happy to discuss the matter further. Thank you for your time.

Yours sincerely,

Poppy Summerton.

David Higham Associates (Literary Agency)

7th Floor Waverley House 7-12 Noel Street

Dear Liz Pichon,

Firstly, I hope this letter finds you well. My name is Eva Watson and I am from Pudsey Primrose Hill Primary School. I would like to begin by saying how much I enjoy your books. I am writing to share my thoughts on having a signed copy of a book (Best book day ever). Whilst I express my desire for a signed copy- it will complete my life.

My first point is, I want a signed copy more than anything because it will make my field of reading go even broader. It will express my feelings for reading even more than I already am. It will inspire me to be more creative. It makes my bedtime more cosy. It will be treasured. I will never forget the day I might have got a book. It will never leave my memory.

Considering the fact, people who get signed books keep them forever. They are a treasure in memories no matter the author from David Walliams to Roald Dahl to J.K Rowling. Every author is a well respected author. They all are favourite to different people. They can improve, be read over and over again and are treasured with anyone, who gives them a good life.

Thank you for considering my points. Additionally, I believe that with your support, I might get a signed copy. I look forward to hearing your thoughts on this matter, which is of great importance to me, and please be aware I don't need it as soon as possible. Thank you for your time.

Yours Sincerely,

Eva Watson.

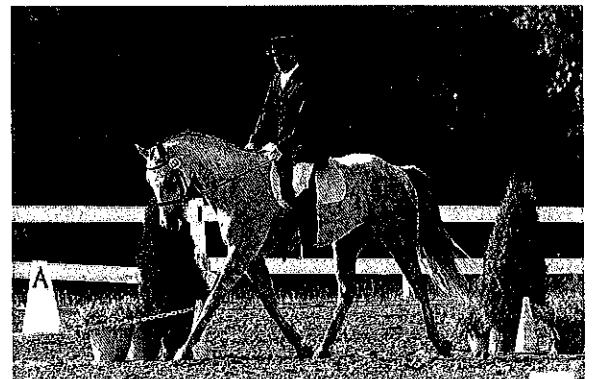

Dad  
The White House 3  
Pudsey  
LS28 8HG

Dear Dad,

I hope this letter finds you well. Firstly, I would like to say what an amazing dad you are and I have thoroughly enjoyed going on my horse riding journey with you. I am sure you will agree that I have a passionate love for horses and that I am dedicated towards them. I am writing to you to inform you about my desire to get a new pet (a horse). While I understand that horses are expensive, I know that I will be very grateful.

I'm sure you will agree that having a new family pet will be very beneficial. As many children stay inside on their devices, which isn't great for their mental health, and therefore I would like to be outside and stay healthy. I am certain that horses take time to look after and when I am looking after them I will be outside. At the minute, it takes 45 minutes so with another horse it will take longer so I will be outside for longer. As a result of being outside, I will be active for at least 60 minutes per day.

I am positive that having a new pet (a horse) would not only make me be more active, it would also help me to progress in my horse riding journey. Having a new horse would not only help me progress in dressage it would help fulfil my dreams of jumping one metre. As you already know I am dedicated to horse riding and as I am becoming more advanced I need to have a higher level of horse to take me to a higher more advanced level. While I understand the constraints of getting a horse, I am certain that with your support. Perhaps that will be a new member of the family.

Thank you for giving me your time of day to read my points of view. Additionally, I believe that with your support, I will be able to have a new well cherished pet. I look forward to hearing your thoughts on this matter, which is of great importance to me, and please be aware that I am happy to discuss this matter further.

Yours faithfully Eliza Wood.

Dear Mrs Dickson,

I'm Amarachi Njoku, a Y5W student in this school. I loved all the teachers you have assigned me. I would like to inform you about my thoughts about getting chromebooks for every Y5.

Whilst I know that many chromebooks might be expensive, it will be worth it ( but watch out For its benefits like leaving it in hot or cold temperature).

It must be clear that some kids struggle to write neatly. Some teacher struggle to read their Writing. Plus, you can do all your homework and lessons on it like Art, French and Maths. And, they are cheap so you can save money to use or to save. But occasionally the pens smug which is another cause of teachers not being able to read their writing. Plus, we are helping the environment by saving paper, pens (black and green pens) and pencils.

Did you know they can last up to a decade? The security is very good and it is safe to use. They are internet free and many schools in the area use it. It

Thank you for listening to my perspective. Additionally, we all thought with your help we can get the item. Your thoughts are what matter for all of us. Remember i'm willing to speak about it at any time.

Thank you for your time.  
Sincerely Amarachi Njoku

Dear Mum and Dad,

Firstly, I hope this letter finds you well. I am writing to express my view on getting a cat. Furthermore, I have seen how much you care for the cute cats across the street. While I know how tricky it might be, I really, really, really want a pet of my own.

Without a doubt, a cat would be the perfect companion for us. I am sure you agree that me and Jonas would be extremely joyous if we had a pet to play with. As I have seen, May [and I] really enjoys playing with Soz as well as being one of her greatest friends. What's more, studies show that cats -that are very cute- help decrease loneliness and stress resulting in better mental health.

Next, I'm sure that having a pet would make us more responsible as well as making Jonas less of a couch potato because of its many needs. First of all, we would need to feed it and clean up its mess like we would for a human being. Next, there is evidence that children with cats are more active [making us healthier]. I strongly believe we would spend more time playing with the cat [which would also reduce screen time].

As well as all this, I also think that I would make a very good owner. Everyone knows how much Soz purred when I pampered her. Second, I know exactly where cats like to be pet so a cat would love it in our home. Finally, I was brilliant at looking after my digital pet and it was very happy.

Thank you for considering my views. Additionally, I believe that together we can look after a cat. I look forward to hearing more of your thoughts, which is of great importance to me, and please be aware that I am very happy to discuss the matter further.  
Thank you for your time and consideration.

With lots of love, Frida.

Game Companies  
Redwood City, U.S.A. [FC24]  
Novato, California, U.S.A. [Lego 2k Drive]  
Warwickshire, United Kingdom [Forza Horizon 5]  
Kyoto, Japan [The Legend Of Zelda: Tears Of The Kingdom and Splatoon 3]

Dear Game Companies,

I hope this letter finds you well and I am Alex, a very average gamer. Next, I love all your games that your company makes and have played most of the previous games. I should get at least one of these games: FC 24, Lego 2k Drive, Splatoon 3, The Legend of Zelda: Tears of the Kingdom [I must have these games only on Nintendo, nothing else please]. Whilst I understand that it's hard to give a child a free sample and I know what could happen (I might not even get one of these games but really want one).

Firstly I strongly believe that I should get a free sample of one of your games so I could give good feedback so I can tell you how to improve your games/s so it could attract more people. I am confident that people have paid for the games that your company has made but I should get a free sample because I'm helpful and could make the game better because these games are really good. I even think these games are better than Minecraft because of how good these games are.

I believe that these games would not only make me skilled but will make me think about what to do next in the game. It would allow me to give you very good feedback, as well as new skills and control. I understand the constraints of giving a child a free sample [I know I already mentioned it], but I am confident that with your help and support we will make this game better. Perhaps there could be coincidences but your stocks will increase so you could make the game better [on the 3rd paragraph we will talk about that]

I strongly believe that, your stocks will increase by a lot so you could make better graphics to attract more people [like make the game 8k]. Then you could make it more fun and realistic so people will think that they're in the actual game. And after that, you could make good deals [like £5 for 10 new cars on forza horizon 5] with actual money.

Thank you for your time and considering this letter. Additionally, I believe that we will make the game/s a lot better. I look forward to hearing your thought on this matter, which is of great importance and please be aware I am happy to discuss this more further.

Thank you for your time and please think about the free game samples,
